

Together we will stop its spread!

Tourism In New Normal

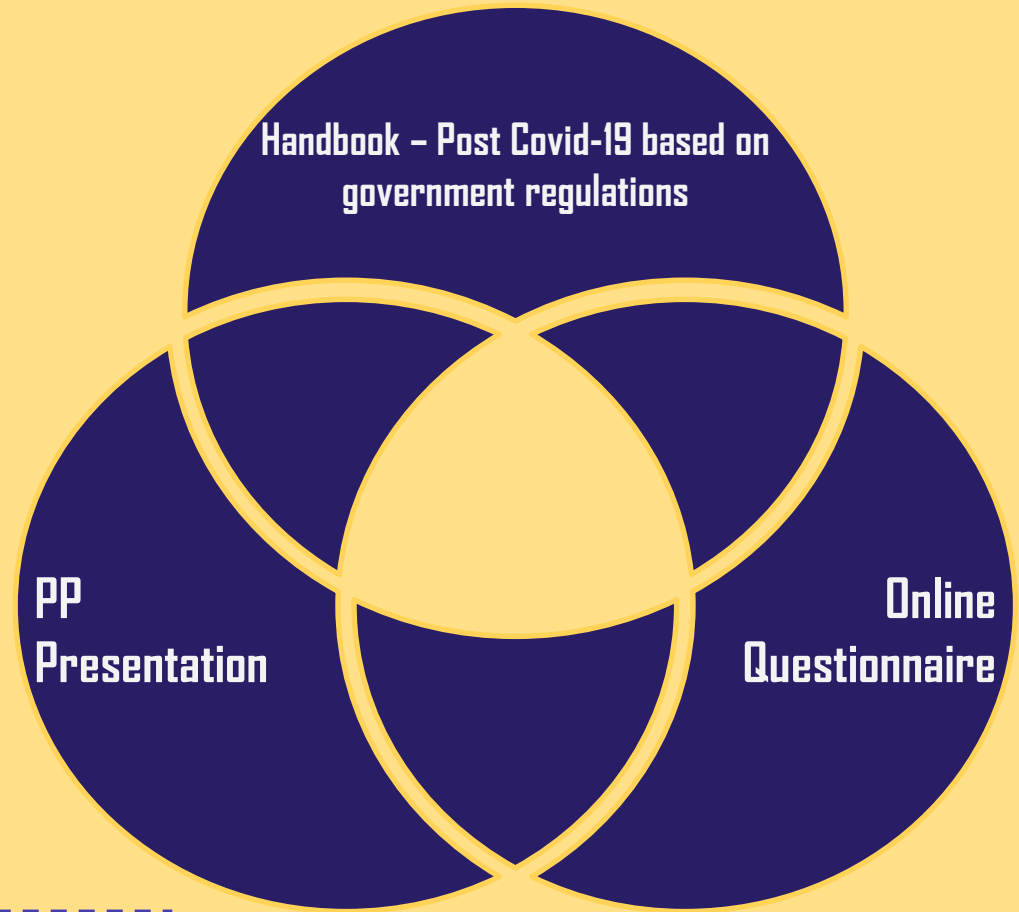

TIME TO CHANGE

"Tourism and Creative Economy Minister Wishnutama said rebuilding tourist confidence will be key for Indonesia, specially for Bali to recover its economy to pre-pandemic levels.

"Public trust must be earned **by preparing and implementing strict health protocols** according to new normal guidelines **before reopening the tourism** sector."

What IDSC Preparing?

Handbook – Post Covid 19

This handbook will be there for our suppliers to :

- 1. To help our suppliers understand the standard requirements of the post Covid-19 protocols.**
- 2. Identify possible problem that need to be solved to ensure safety (Hotels, Restaurants, Transportation, Activity Provider).**
- 3. As a help to prepare and guide suppliers to apply and find all that is needed for the “New Normal”.**
- 4. To ensure compliance with all current regulations related Corona Virus.**

New Normal Protocols

Supplier can find the new normal protocol that they can/must apply in their property

Handbook Information

Additional Information

Supplier can find more information (Mandatory applied in any type of supplier) such as: Face mask usage, How to make own disinfectant, and about Thermometer gun

Presentation

To make it easier for supplier to understand the contents of our handbook, we make it into PP presentation to give a training to them. Similar as we have done with Sustainability training

We divide the training based on the type of supplier

Online Questionnaire

We developed questionnaires for data collection by self assessment. Questionnaires are based on the protocol and are as inclusive of all requirements as possible.

We divide based on type of supplier:

- Questionnaire for Hotel Supplier
- Questionnaire for Activity Supplier
- Questionnaire for Land Transport Supplier
- Questionnaire for Fast Boat / Ferry Supplier
- Questionnaire for Restaurant Supplier

How the process?

IDSC send the assessment

Supplier fill out the assessment

01

02

03

IDSC receive the responds and share to DMC's

DMC's can see their data!

THANKS!
